-Introduction

Services In China Co Ltd is a consortium of united companies that work together.

Our main goal is unify the services companies in and out China and offer the best to our costumers.

Some history:

Services In China Co Ltd (Hong Kong) company was registered on the 14th of September 2009, By me, Adel Kassouri. At my arrival in China, in the beginning of 2009, me and my partners had to think about a way to offer our Web, Marketing and Languages services, so starting Services In China Co Ltd was a natural step to take in China, after we did the same thing in France a year earlier.

Why a name like Services In China Co Ltd?

Many costumers asked us the same question when they had our business card in hands, the answer is simple, instead of choosing a name like Web services In China, or Languages Services In China, we have decided to go large to reflect the numbers of services we and our partners can really offer:

Our services are provided in 6 languages: English, French, Italian, Arabic, Tagalog and Chinese, more languages can be added upon requests.

Our services are provided in and outside China (See bellow).

Our partners:

With our partners, we do cover, China, Hong Kong, Philippines, Europe (France) and north Africa:

Shenzhen Vast Design co Ltd: A Chinese registered company with years experience in In print and offline services.

Lily-Id Shenzhen: An image design consultancy company, managed by miss lilly.

Interprete En Chine Guang Zhou, China: A company that help us and will help you for any translation between Chinese and French.

Kydma Services France: A French registered company that offer various services in European and north African markets.

Banner Box Multimedia Services (China, Philippines): A web services company in China and Philippines.

Deelta Net (Algeria): A software and services company in north Africa.
